➤ Patient Care Technician: Multi-skilled nursing assistants and orderlies perform basic patient care.

➤ Introduction

Patient care technicians, or nursing assistants may care for patients in hospitals, nursing homes, home health agencies and private homes. They have a broad range of duties including feeding, bathing and walking patients, making beds, assisting patients in their daily living activities, drawing blood, and performing 12- lead electrocardiograms. The Patient Care Technician (PCT) program completion requires 600 hours or six months of training.

➤ Employment Opportunities

PCT's / nursing assistants may care for patients in a hospital, nursing home, home health agency, or private home.

➤ Career Opportunities

➤ Patient Care Technician

➤ Employment Outlook

The job placement rate for graduates actively seeking employment is about 96%. Employment of nursing assistants is projected to grow 10% from 2014 to 2024, much faster than the average for all occupations.

➤ Salary

The average annual wage for Patient Care Technicians is \$26,000, and \$12.00 hourly.
