## SECTION 1 – SCHOOL OVERVIEW

---

The mission of South Dade Technical College (SDTC) is to guide, prepare learners in attaining their academic goals, required competency levels and industry certifications in order to qualify them for initial employment or career advancement. SDTC is a public institution governed by the School Board of Miami-Dade County, FL. The technical college was established in 1969 as an adult, night school credit recovery program operating out of South Dade Senior High School's facility located at 28401 SW 167th Avenue, Homestead, FL. In 1987, South Dade Adult was established as South Dade Adult Education Center, operating a day/evening program located at 109 NE 8th Street Homestead, FL. In an effort to conserve and consolidate operational expenditures, the Miami-Dade County Public School District established the Skills Center Campus as a branch of the Main Campus in 2002. On January 16, 2013, the School Board of Miami-Dade County approved the renaming of the school to South Dade Educational Center. On December 10, 2014, the School Board voted on Item C-72 in order to rename South Dade Educational Center to South Dade Technical College. Currently, South Dade Technical College provides programs in Adult Basic Education, English as a Second Language, Adult High School, and Career Technical Education. South Dade Technical College operates primarily out of its Main Campus and Skills Center Campus. Secondly, classes are offered at Homestead Senior High, South Dade Senior High, and other off-campus sites.

## SECTION 2 – TIMELY WARNING AND EMERGENCY NOTIFICATION MEASURES

---

In the event a situation arises, it should be immediately reported to the site administrator. The site administrator will proceed to contact the Miami-Dade County Schools Police Department and the district office.

If the event constitutes a serious or continuing threat, a timely warning or emergency notification will be issued via the public announcement system. Depending on the particular circumstance of the situation or crime, including any Clery Act Crime that occurs on campus and which poses an ongoing or serious threat to the students or employees, the school principal will consult with School Operations to determine the necessity of sending an emergency phone message via Connect-ED.

Anyone with information warranting a timely warning should immediately report the circumstances to the site administrator, school security personnel, and/or school police by calling:

- 305 248-5723 Main Campus, or
- 305 247-7839 Skills Center Campus, or
- 305 995-COPS Miami Dade County Public Schools Police.

## SECTION 3 – PREPARING THE ANNUAL DISCLOSURE OF CRIME STATISTICS

---

Persons should report crimes to the appropriate site administrator, security personnel and/or school police for the purpose of issuing a timely warning notice and inclusion in the Annual Crime Statistics Report for that campus.

The crime statistics for SDTC are maintained and provided by the Miami-Dade Schools Police Department (M-DSPD) which has jurisdiction for all of the district's public schools. M-DSPD works closely with the Miami-Dade Police Department and other municipal police departments to respond to school in-cidents and emergencies as part of City Compacts and Memorandum's of Understandings established with the numerous municipalities in Miami-Dade County FL. Criminal incidents are reported to M-DSPD which documents these incidents via the Police Offense Incident Reports. School administrators also document incidents using the district's Automated Incident Response System (AIRS), which archives and maintains a log of all major incidents for district schools.

The M-DSPD provides SDTC the crime statistics required to complete the Annual Security Report (ASR) mandated by the Clery Act for the last three calendar years. The report is made available to the public, employees, faculty, and staff at <http://southdadetech.edu>. A hardcopy of the report can be obtained from the Office of Student Services which is located at the Skills Center Campus. The school will notify all students, faculty, and staff of the availability of the Annual Security Report once it is finalized and submitted to the United States Department of Education.

#### SECTION 4 – TECHNICAL COLLEGE ADMINISTRATIVE RESPONSIBILITIES

The ASR is created and updated by the school's safety team. For the purpose of issuing timely warnings and reporting the annual statistical disclosure, all crimes are reported to the following administrative team members:

- |                              |                     |
|------------------------------|---------------------|
| • Dr. Ericka Caldwell-Clinch | Principal           |
| • Mr. Scott Parker           | Vice Principal      |
| • Mr. Phaion P. Hicks        | Assistant Principal |
| • Mr. Modesto Gutierrez      | Assistant Principal |

South Dade Technical College does not have procedures for the voluntary and confidential reporting of crime statistics. Violations of the law will be referred to the Miami-Dade Schools Police Department, and when appropriate, to SDTC administration for review. When a potentially dangerous threat to the campus community arises, warnings will be issued through the intercom and/or other appropriate means such as DECON radio.

#### SECTION 5 – SECURITY OF AND ACCESS TO CAMPUS FACILITIES

During normal business hours, the school is open to students, parents, employees, contractors, guests, and invitees. All students and staff must wear a school issued Identification card at all times. All visitors and guests must register at the security desk located at the main entrance of the school.

##### Photo Identification – Badges

To properly identify those persons who are authorized to be on campus, SDTC has developed a system of color-coded photo identification badges that are issued to secondary and postsecondary students in technical programs students upon registration, and to staff each year. All visitors must visit the front desk upon entry on the campus, the visitor needs to show a valid Florida Identification in order to process through the RAPTOR System to receive a visitor's identification name tag. Students, staff, and guests must wear their badge in a visible location at all times, above the waist to ensure campus safety. Employee badges also provide access into the campus at most doors.

All vendors engaged in maintenance of campus facilities must be cleared by Miami-Dade County Public School Operations and must display their district issued identification card prior to entering the school.

School Board Policy 8475 - Criminal Background Screening of Contractors, ensures that noninstructional contractual personnel who are permitted access on school grounds when students are present, including contractual personnel whose performance of the contract is not anticipated to result in direct contact with students, and for whom any unanticipated contact would be infrequent and incidental, and those contractors who have access to or control of school funds, shall be subject to a criminal background check.

For the purposes of this policy, a “contractor” shall mean any vendor, individual, or entity under contract with a school or with the School Board, but who is not otherwise an employee of the district. The term also includes any employee of a contractor who performs services for the board or school under the contract, as well as any subcontractor and other employees of the contractor. The district shall inform these individuals that they are subject to criminal background checks.

Further, every five (5) years following the initial entry into a contract with the board or a school in a capacity described above, each person who is so employed as a vendor, individual, or employee of a contractor with the Board must meet Level 2 screening requirements.

The information contained in the reports received is confidential. The district shall share information received as the result of the criminal background check with other school districts.

### **Identification Badges**

All contractors shall wear the required, state-created identification badge at all times while on school grounds. The badge must bear a photograph of the contractor and will be issued by the district after the district has verified that the contractor:

- B. is eighteen (18) years of age or older, and
- C. meets the statutory background screening requirements pursuant to State law and this policy.

In addition to the school police and local municipalities departments, the technical college has uniformed security personnel that have the authority to ask persons for identification and to determine whether individuals have lawful business at the school. Safety and security personnel do not possess the arrest power over and above the average citizen. All crimes are promptly and accurately reported to site administrator and school police.

## SECTION 7 – INFORMING STUDENTS AND EMPLOYEES ABOUT CAMPUS SECURITY PROCEDURES

---

The annual disclosure of campus crime statistics is prepared by the M-DSPD in conjunction with School Operations, Adult Education and Technical Colleges, and is disseminated to all Miami-Dade County Public Schools Technical Colleges. Each technical college reviews all violations of law reported and works with Miami-Dade County Schools Police Department in the reporting, investigation and prevention of violations of the law which may occur on South Dade Technical College property. The “Emergency Operations Plan (EOP): Teachers Responsibilities” was produced to assist instructional staff in responding effectively and expediently to critical incidents or situations that may impact the well-being of SDTC students, faculty, and staff.

## SECTION 8 – INFORMING STUDENTS AND EMPLOYEES ABOUT CRIME PREVENTION

## SECTION 9 – MONITORING AND RECORDING THROUGH LOCAL POLICE AGENCIES OF CRIMINAL AGENCIES OF CRIMINAL ACTIVITIES OF WHICH STUDENTS ENGAGED OFF-CAMPUS

South Dade Technical College does not have off-campus locations for student organizations; or off-campus housing facilities. To that end, it is not necessary to create a policy concerning the monitoring and recording through local police agencies of criminal activity in which students engaged at off-campus locations.

## SECTION 14 – NOTIFICATION OF REGISTERED SEX OFFENDERS

SDTC complies with School Board Policy 8470 - Notification of Registered Sexual Predators. As a public institution, the school is responsible for protecting its students. While physical protection does not extend beyond school grounds, any information that will help keep students safer is disseminated. The purpose of including the school system in the notification protocol for sexual predators is to afford parent(s)/guardian(s) easy access to information that can enhance the safety of their children and the school system's students. All individuals designated as sexual predators pursuant to a written court order must register with the Florida Department of Law Enforcement. Upon notification from school police of any registered sexual predators living in Miami-Dade County, SDTC will send sealed letters to the parent(s)/guardian(s) informing them of the identity of the sexual predators residing in Miami-Dade County.

Law enforcement agencies must inform members of the community and the public of a sexual predator's presence. Within forty-eight (48) hours after receiving notification of the sexual predator's presence, the sheriff or chief of police of the municipality, where the sexual predator temporarily or permanently resides, shall notify each licensed day-care center and district school within a one (1) mile radius of the sexual predator's residence.

In order to comply with the statutory forty-eight (48) hour notification requirement, the school police will notify the District's School Operations of specific registered sexual predators, via electronic mail, within forty-eight (48) hours after receiving notification of the sexual predator's presence. The electronic mail notification will contain the name, address, physical description, and photograph of the registered sexual predator, as well as the circumstances of the sexual predator's offense, and whether the sexual predator's victim was a minor at the time of the offense.

### District

- A. At the beginning of the school year, SDTC distributes to all parent(s)/guardian(s) the letter from the Superintendent informing them of the District's involvement in the notification process.
- B. At the time of registration, new students are given a letter advising them on how to access information regarding sexual predators.
- C. As soon as the District School Operations has been notified of the presence of a specific registered sexual predator by the school police, School Operations will inform SDTC and all specific command staff from school police of specific registered sexual predators residing in Miami-Dade County via electronic mail. Sexual predator notifications will be electronically transmitted in a secure, PDF file format. The electronic briefing will contain the photographs, physical descriptions, and known addresses of specific registered sexual predators.
- D. Once the sexual predator notification has been transmitted to SDTC, the principal is responsible for handling the sexual predator notification in the following manner:
  1. The SDTC is responsible for reading his/her electronic mail every day and ensuring that required action briefings are immediately acted upon.

2. Upon receipt of the sexual predator notification, the principal will print a copy of the briefing attachment containing specific registered sexual predators.
3. Subsequent to printing the sexual predator notification, the principal of SDTC shall copy and distribute the sexual predator notification along with the letter. The SDTC principal is responsible for notifying all parent(s)/guardian(s), faculty, staff, and the school resource officer, via a sealed package. The principal at SDTC is also responsible for notifying students and faculty. Adult students do not have to receive a sealed package.
4. All sexual predator notifications transmitted via electronic mail through a School Operations required action briefing are not to be forwarded or distributed by any other method or persons, other than the procedures established in this guideline.
5. SDTC maintains all information sent by School Operations regarding sexual predator notifications in an updated binder secured in the main office. Any students seeking information on a registered sexual predator shall be given access to this binder.

If SDTC receives information regarding sexual predators from any source other than School Operations which includes any law enforcement agency, they shall forward such information to the to the Director of School Operations/Special Programs. They must not distribute this information to staff, parent(s)/guardian(s), or students.

#### **Sighting of Sexual Predator at School Site**

- A. In the event that a sexual predator is sighted on school ground, the principal or the designee shall immediately contact 911 and District's Police at 305-995-COPS.
- B. Anyone who has reason to believe that a parent/guardian or student is a registered sexual predator or offender at your school site, contact School Operations/Special Programs at 305-995-2710.

Moreover, in accordance with Florida State Statute 775.21 ("The Florida Sexual Predators Act") and Florida Statute 943.0435, convicted sex offenders in Florida must register with the Florida Department of Law Enforcement (FDLE) within 48 hours of establishing permanent or temporary residence. The FDLE makes information concerning the presence of registered sexual offenders/predators available to local law enforcement officials and the public. It is then the responsibility of the county sheriff or the municipal police chief to make required notification to all community members of the presence of predators (only) in a manner deemed appropriate by the sheriff or police chief. It is the responsibility of the county sheriff to notify the institution if an offender or predator is enrolled, employed, or carrying on a vocation at the institution. SDTC is required to inform members of the campus community where to obtain information about such offenders/predators.

Any member of the SDTC community who wishes to obtain further information regarding sexual offenders/predators in our area may refer to the FDLE website at [www.fdle.state.fl.us](http://www.fdle.state.fl.us), call 1-888-FL-PREDATOR / 1-888-357-7332), or utilize the FDLE website searchable database for colleges/universities at <http://offender.fdle.state.fl.us/offender/univSearchNav.do?link=standard>.

The FDLE searchable database may be used to find all registered sex offenders in any city, county, or zip code in the state. FDLE has a new search tool, you can now access the searchable database using the University Search tab by using the link above. Additionally, a binder with information on sexual offenders/predators may be accessed in the registration office of each campus.

To that end, the school district transmits weekly briefing to all school administrators regarding all registered sex offenders. Said briefings come directly to the school principal and assistant principals and is then disseminated to the staff/faculty and students.

### **Jessica Lunsford Act (RAPTOR reference)**

This pertains to school district employees, volunteers, interns, mentors, contractors, vendors, coaches, and sports officials. Guests to the campus must report to the front desk upon arrival and present a valid driver's license to be registered and are issued a temporary visitor's badge after being checked through RAPTOR, a rapid check system that identifies sex offenders listed in the State of Florida database.

## **SECTION 15 – EMERGENCY RESPONSE AND EVACUATION PROCEDURES**

Fire/evacuation drills are conducted monthly. Each drill is entered into the Emergency Drill Reporting System. Diagrams of primary and secondary evacuation routes are posted in each occupied space next to the exit door clearly indicating, by contrasting color and number, each route of evacuation.

Any person can activate the nearest fire alarm pull station when discovering valid cause for a building evacuation. Additionally, students and staff may be notified by an administrator via public announcement system if an evacuation of the building/campus is deemed necessary.

The Superintendent of Schools annually establishes a District Critical Incident Response Team (DCIRT). The DCIRT is responsible for assisting SDTC with emergencies/critical incidents as needed and coordinating district resources. The Superintendent shall develop and update, as needed, a Critical Incident Response Plan (CIRP)/Emergency Operations Plan (EOP) for SDTC. The DCIRT, will be responsible for providing updates to the plan and training for school site administrators. Pursuant to Florida statutes, the CIRP/EOP should be confidential and exempt from public record.

SDTC adheres to the M-DCPS procedures and policies as it pertains to emergency response and evacuations. This information is uniform county-wide and can be found on the M-DCPS website.

### **Emergency Operations Plan**

Student and employee safety is a primary concern of the Miami-Dade County Public School (M-DCPS) System. The Emergency Operations Plan (EOP) was created to provide school personnel with the necessary leadership skills and knowledge needed to respond to critical incidents or other related emergencies that may occur in our schools/community.

All schools have a site-specific plan to address all types of critical incidents. These plans address the individual needs of the school and provide guidelines for devising methods for communicating with the staff, students, parents/guardians, and the media during a critical incident or an emergency. Some of the protective action procedures include emergency drills/active shooter drills, the evacuation of students/staff from the building(s), evacuation of the disabled and if necessary the relocation of students/staff from the school campus, lockdown procedures and holding/dismissing students during school and community emergencies.

Some important tips for parents/guardians to remember during a Critical Incident are as follows:

- Remain calm;
- Monitor media outlets for updates and official messages from M-DCPS;

- Do not flood the school with telephone calls; and
- If the school is on lockdown, wait until the lockdown is lifted before going to the school.

All school administrators, Region Center Superintendents/Directors and all MDSPD Police officers have been adequately trained in the school EOP and are prepared to respond immediately during a critical incident or emergency to provide safety for all.

- **Fire Drills** Ten fire drills will take place during the school year according to the Miami-Dade County Public Schools Policy and Emergency Procedures. At the sound of the emergency bell, students must stop what they are doing and follow the teacher's instructions. Students must clear the building promptly by the prescribed route. Any student who is in the hallway or the restroom at the sound of the emergency bell must proceed to the nearest exit and locate the teacher. Students, teachers and staff must remain outside the building until permission is given to re-enter.
- **Lockdown Procedures** Lockdowns are utilized in response to an immediate threat posed to students and staff. Schools have successfully performed lockdowns in response to police activity adjacent to a facility and potential armed intruders onsite. Students, faculty and staff will comply with all the procedures outlined in the Miami-Dade Public Schools Critical Incident Response Plan and remain on lockdown until a school administrator and/or law enforcement makes an "All Clear" announcement.
- **Threat Assessments** Miami-Dade County Public Schools (M-DCPS) has a mandated set of procedures for threat assessment. A threat assessment is a problem-solving approach to violence prevention that involves assessment and intervention with students who have threatened violence in some way. When a preliminary determination is made, by the school administrator or designee, that a student poses a threat of violence or physical harm to him/herself or others is known, a Threat Assessment Team (TAT) shall be notified and shall convene to determine the best course of action. Authorized members of the TAT may obtain criminal history record information, if applicable. Students determined to be at-risk for violence will be referred for mental health services. Threat assessment and disciplinary procedures are separate processes. Regardless of whether a threat is determined to be transient, serious substantive, or very serious substantive, appropriate disciplinary procedures shall be followed in accordance with the Code of Student Conduct.

**Fortify Florida** - FortifyFL is a suspicious activity reporting tool that allows users to instantly relay information to appropriate law enforcement agencies and school officials. FortifyFL was created and funded by the 2018 Florida Legislature as part of the Marjory Stoneman Douglas High School Public Safety Act. It is available for free download from the Apple App Store and Google Play Store. It may also be accessed from the Dadeschools.net homepage, as well as the student, parent, and employee portal pages. A link to FortifyFL has also been placed on each school site information page.

## SECTION 16 – MISSING STUDENT NOTIFICATION

In the case of an abduction or missing student, the school administrator calls 911 and the Miami-Dade School Police Department. The school-site Critical Incident Response Team will be mobilized. The team will obtain all relevant information, including those involved and witnesses. SDTC will institute a Lockdown Procedure to secure the campus and turn over control to M-DSPD.
